Students for Life

Attn: Ms. Katie Lodjic

Dear Katie,

Thank you for your letter. The University of Findlay does not have an affiliation with Planned Parenthood. The event you referenced was a one-time event on campus. I did not attend the presentation, but the speaker was not invited to speak about planned parenthood or abortion, and members of the audience have confirmed that she did not address either in her presentation.

In your letter, you suggested that we work with the Women's Resource Center of Hancock County. I am happy to let you know that the University has been a partner with the Women's Resource Center through our student health center for more than 20 years. This partnership includes students having access to the information and services provided by the resource center through our on-campus health center.

I hope this information helps answer your concerns.

Yours in Christ,

A handwritten signature in cursive script that reads "Katherine Fell".

Katherine R. Fell, Ph.D.
President
