

ON ELECTION DAY,

REJECT ABORTION EXTREMISM.

Abortion extremists across the country want to use the 2020 elections to gain control at every level of government. Their agenda is to remove all existing restrictions on abortions.

Among many other things, this effort is pushing for taxpayer funding of abortion, to repeal all restrictions on late-term abortion, and even to allow abortions if the mother doesn't like the sex or race of her child.

A vast **MAJORITY** of Americans **OPPOSE** this extreme agenda, but where do the current U.S. presidential candidates stand?

**President Donald Trump
& Vice President Mike Pence**

- Has promised to appoint only Supreme Court justices who will protect life in law
- Opposes taxpayer funding for abortions
- Wants to protect innocent preborn lives by ending brutal late-term abortions after 20 weeks

**Former Vice President Joe Biden
& Senator Kamala Harris**

- Wants to pack the Supreme Court with pro-abortion judicial activists
- Supports taxpayer funding of abortions through all nine months of pregnancy
- Opposes protecting the preborn by supporting brutal late-term abortions after 20 weeks
