

Dear Members of the United States House of Representatives,

On behalf of our nearly 1,300 active pro-life student groups and tens of thousands of trained student activists in all 50 states, **please stand with us in support of Representative Jim Banks and the Republican Study Committee's Fiscal Year 2022 Budget, the most pro-life congressional budget ever proposed.**

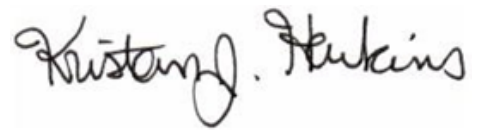

On Wednesday, May 19<sup>th</sup>, the Republican Study Committee (RSC) released its new budget. With the national debt surpassing \$28 trillion, it is vital that our legislators responsibly utilize taxpayer dollars, especially to protect the innocent preborn.

**The RSC budget makes the sanctity of human life a top priority, advancing the codification of measures that would permanently and reliably protect innocent human life.** This includes bills that would BAN dismemberment abortions, fatally neglecting a baby born alive during an abortion, utilizing aborted baby body parts for research, and committing an abortion because of a prenatal Down Syndrome diagnosis, just to name a few. Additionally, this budget prevents Medicaid and Title X "family planning" funds from supporting abortion providers.

More than 70% of [Millennials and Gen Z](#) support limits on abortion. Nearly 50% also believe Americans should not be forced to pay for abortions through their taxpayer dollars. **Protecting the lives of preborn infants should be a priority for our federal legislators, regardless of political party.** Furthermore, taxpayer dollars should NEVER be used to provide income to abortion vendors who often harm mothers physically and emotionally, kill preborn infants, and cut up aborted baby body parts to sell for "research."

Again, I urge you to support the Republican Study Committee's Fiscal Year 2022 Budget.

Sincerely,

A handwritten signature in black ink that reads "Kristan J. Hawkins". The signature is written in a cursive style with a large, looped initial 'K'.

Kristan Hawkins
